Biography

Perry is originally from Saskatchewan. He, his wife and son moved to B. C. in 1970 where he pursued his new career in the Renewable Resource field.

After a move to Whitehorse in 1971, Perry left for one year to take control of the Gulf Islands Sub-district, Fisheries and Oceans, and then returned to Yukon as a permanent resident. He retired in 1998 after a career with Federal Fisheries as an Officer, Indian & Northern Affairs Land Use Officer and Manager and Government of Yukon, Lands Manager.

During his 28 years here, Perry held numerous volunteer positions such as: president of the Takhini Curling Club Takhini Recreation Center; member of Yukon Recreation Assistance Committee, Yukon Curling Association, and Canadian Curling Association as Rules chairperson. He also spent three years as a member of the Marsh Lake Recreation Association during the exciting years of developing and organizing the new Marsh Lake Recreation Center.

Perry finds working as a member of Marsh Lake Advisory Council very rewarding. During this time he has been involved in supporting such community efforts as: review of land applications, involvement in the draft Marsh Lake Community Plan, community road upgrades, development of a water treatment plant, waste disposal projects and management, house numbering project, flood control in Southern Lakes

specific to the Marsh Lake Community, trail development, and eliminating costs for shore line licenses for minimizing shoreline erosion. He supported enrollment in AYC, assisted in initiating LAC Forums, and served on the Municipal Act Review Committee.

Most recently Perry advocated for, and achieved, a vote for the Local Advisory Councils; consequently, he now sits as an AYC board member representing all affiliated LACs.
